

CSR ANNUAL ACCOMPLISHMENT REPORT

CY 2025

I. EXECUTIVE SUMMARY

The **Philippine Mining Development Corporation (PMDC)** is a government-owned and controlled corporation attached to the Department of Environment and Natural Resources (DENR), and is designated as the implementing arm of the DENR in undertaking the government's mining and mineral processing operations; and is registered with the Securities and Exchange Commission (SEC). It is primarily tasked to conduct and carry on the business of exploring, developing, mining, smelting, and producing, transporting, storing, distributing, exchanging, selling, disposing, importing, exporting, trading and promotion of gold, silver, copper, iron; and all kinds of mineral deposits and substances.

PMDC was created for the purpose of addressing the environmental, health, social and economic well-being of the people in the mining areas, and to rationalize the mining and mineral processing operations in the reservation for greater efficacy, and to provide environmental protection and mine rehabilitation measures; thus the PMDC motto of "**Creating Wealth, Enriching Lives**" was created.

Remaining steadfast to its motto and to its vision and mission, PMDC continuously provide quality **Corporate Social Responsibility (CSR)** programs and projects that can uplift the lives of the host communities and neighboring barangays within its owned mining tenements; specifically, to this year active tenements which is the Diwalwal Mineral Reservation Area, the Rogongon Copper-Gold Project and the Cagayan de Oro-Opol Gold-Copper Project.

To fully address the needs of the community, the PMDC-CSR had created the H.E.R.O Program, which focuses in giving projects and programs in the four important pillars of the community which are the Health, Education and Environment, Rural Infrastructure and Opportunities to Earn.

And as PMDC is a government-owned and controlled corporation, they are also subject to **Governance Commission for GOCC's (GCG)**. This means that PMDC-CSR have its annual target beneficiaries that was refelected on the PMDC's Performance Evaluation Scorecard – Strategic Measures 5- Percentage of Actual CSR beneficiaries under Strategic Objective (SO) 3: "Sustained progressive communities through responsible mining"

For CY 2025, the PMDC-CSR has targeted to serve Six Thousand Four Hundred (6,400) beneficiaries through its various programs, projects and activities within the active tenements of PMDC.

III. CSR PROGRAMS AND ACCOMPLISHMENT

HEALTH

PMDC Medical Mission 2025: Enhancing IP and Non-IP Women's, Children, and Men's Health by providing accessible medical, dental and circumcision activity to the Residents of Brgy Tuburan and Pigsag-an, Cagayan de Oro

Action photos during the medical, dental mission, circumcision and good groomig activity

As part of its Health CSR Program, PMDC conducted a medical mission in Barangays Tuburan and Pigsag-an, Cagayan de Oro City, on October 22 and 24, 2025. The activity was implemented in partnership with the City Health Office of Cagayan de Oro, Barangay Local Government Unit, and the 4th Infantry “Diamond” Division of the Philippine Army.

The medical mission aimed to support the delivery of basic health services, particularly for host and nearby communities with limited access to medical care. Services provided included free medical and dental consultations, tooth extractions, circumcision, haircut services, and the distribution of medicines and vitamins. Free meals were also provided to beneficiaries during the activity.

A total of 1,251 beneficiaries, including women, men, boys, and girls, were served. The activity helped reduce healthcare-related expenses of families and strengthened PMDC's commitment to community health, especially for Indigenous Peoples and other vulnerable groups.

Food Subsidy to the Barangay Health Workers, Personnel of the Philippine National Police in Brgy. Mt. Diwata, and 25th IB, 10th ID Philippine Army in Barangay Upper Ulip

To support essential health and security services, PMDC provided monthly food assistance from January to April 2025 to Barangay Health Workers and Philippine National Police (PNP) personnel assigned in Barangay Mt. Diwata, as well as personnel of the 25th Infantry Battalion, 10th Infantry Division, Philippine Army stationed in Sitio Depot, Barangay Upper Ulip, Monkayo, Davao de Oro. This initiative contributed to the welfare of frontline workers who play a vital role in maintaining public health and community safety.

Mabatas Complex Water System

The Mabatas Complex Water System continued to provide a reliable source of potable water to residents and institutions within the Mabatas Complex, including the 25th IB, 10th ID Philippine Army Patrol Base, Depot Elementary and High Schools, households, and CIP and ball mill operators. The system is regularly monitored by PMDC technical and community relations personnel to ensure continuous and sufficient water supply. As of December 2025, 420 beneficiaries were served by the water system.

EDUCATION

Participation to Brigada Eskwela

PMDC supported the Department of Education's Brigada Eskwela Program with the theme "*Sama-Sama para sa Bayang Bumabasa.*" Four (4) high schools within the DMRA area benefited from the provision of school supplies and materials for minor repair and maintenance activities.

School officials expressed their appreciation for PMDC's continued assistance. The Community Relations Officers also conducted brief consultations with teachers to better understand their priority needs and programs. School representatives likewise requested the continuation of similar support in the coming years to further enhance the students' learning environment and academic performance.

Turn-over of the construction and cleaning materials and equipments for Brigada Eskwela 2025

Educational Awareness Campaign on Responsible Mining

An Educational Awareness Campaign on Responsible Mining was conducted to enhance the knowledge and awareness of high school students on mining, environmental protection, and the role of PMDC in responsible mineral development.

The session featured a presentation on the company’s mandate and operations, followed by discussions on responsible mining practices, environmental awareness, Corporate Social Responsibility (CSR) initiatives, and Gender and Development (GAD). These topics helped students better understand the relationship between mining activities, environmental management, and community development.

The activity concluded with an interactive question-and-answer session, where students actively participated and received IEC materials as incentives for correct responses, reflecting their strong interest and engagement throughout the campaign.

ENVIRONMENT

CDO Opol 1st Community Assembly

PMDC in partnership with the NCIP, conducted community assemblies for Indigenous Peoples in the barangays of Tingalan, Pigsag-an, Tuburan, and Taglimao in Opol, Cagayan de Oro, covering the proposed tenement area of the CDO–Opol Gold Project. The activity aimed to provide timely information on the project background, the FPIC process, and the results of the Field-Based Investigation (FBI).

The assemblies included orientations on IPRA and FPIC, project presentations, and open forums where community concerns were discussed. The activity reflects PMDC's commitment to inclusive, transparent, and participatory project development in partnership with Indigenous Cultural Communities.

CDO Opol 2nd Community Assembly

As part of the FPIC process for the CDO–Opol Gold Project, PMDC, in coordination with the NCIP, conducted Community Consultative Assemblies in Barangays Tingalan, Pigsag-an, and Tuburan. The assemblies included presentations on the PMDC profile, project background, exploration work program, and operational processes. In Barangay Tingalan, the activity focused on the validation of the Indigenous

Peoples' resolution expressing non-consent, facilitated by NCIP to ensure that the community's decision was properly documented. In Barangays Pigsag-an and Tuburan, the assemblies involved the presentation and discussion of the draft Memorandum of Agreement, followed by negotiations on terms and conditions.

IEC Campaign in Cagayan de Oro

During the implementation of the Medical Mission in Cagayan de Oro City last October 21 & 22, 2025, an Information, Education and Communication Campaign was also conducted before the medical mission started. The Community Relations Officer and GFPS Head Ms. Cathrine Tzaris Pagatpatan discussed the topics of re-introduction of PMDC and participants. Pamphlets were also distributed during the IEC for better dissemination of information about the topics discussed.

The series of IEC was attended by a total of 437 women and men participants from the two Barangays of Cagayan de Oro.

IEC Campaign in Responsible Mining and Environmental Awareness

An Information, Education, and Communication (IEC) Campaign on Responsible Mining was conducted at Pigsag-an National High School, Tuburan National High School, and Taglimao National High School as part of ongoing efforts to educate the youth on responsible mining, environmental protection, and community participation. The activities were held in the schools' multi-purpose halls and gymnasiums and were positively received by school administrators, teachers, and staff, who expressed appreciation for the initiative to promote awareness of sustainable mining practices among students.

Each session followed a structured program that included an overview of the company's mandate and operations, responsible mining practices, environmental awareness, the technical overview of the CDO–Opol Gold Project, Corporate Social Responsibility (CSR)

initiatives, and Gender and Development (GAD). The presentations were delivered by Community Relations, Community Development, Environmental, and Technical personnel, followed by interactive question-and-answer sessions that encouraged active student participation. IEC materials such as tumblers, fans, notebooks, and caps were distributed as incentives for correct responses.

Teachers across the three (3) schools expressed strong support for the campaign and highlighted its importance in promoting responsible and sustainable mining practices among students. Some teachers also noted that a number of students are exposed to small-scale mining activities, underscoring the need for continued awareness on legal mining operations and environmental protection. School representatives recommended the regular conduct of the IEC campaign to sustain awareness and encourage students to share their learning with their families and communities.

IEC Campaign in Cagayan de Oro

During the implementation of the Medical Mission in Cagayan de Oro City last October 21 & 22, 2025, an Information, Education and Communication Campaign was also conducted before the medical mission started. The Community Relations Officer and GFPS Head Ms. Cathrine Tzaris Pagatpatan discussed the topics of re-introduction of PMDC and participants. Pamphlets were also distributed during the IEC for better dissemination of information about the topics discussed.

The series of IEC was attended by a total of 437 women and men participants from the two Barangay of Cagayan de Oro.

Tree Planting and Growing Activity

Theme: Green Gifts for the Next Generation: Planting Hope, Growing Futures

PMDC conducted a Tree Planting and Growing Activity on December 10, 2025, at Depot Ancestral Domain High School and the Mabatas area as part of its continuing commitment to environmental protection and community involvement within the ancestral domain. The activity aimed to promote environmental consciousness and reforestation, engage the youth in meaningful ecological action and cultural-environmental reflection, strengthen partnerships among PMDC, local government units, and Indigenous communities, and commemorate the holiday season through a symbolic act of giving and growth.

The activity was attended by 228 participants, including Philippine Army, students, and teachers of Depot Ancestral Domain High School. A total of 808 seedlings were planted around the school premises and in the Mabatas area. The species planted included Mahogany, Mangosteen, Dao, and Mangium, which were selected for their adaptability and long-term environmental benefits.

Dressmaking and Beads Making Training

A three-day Dressmaking Skills Training and Bead-Making Activity was conducted on October 27–29, 2025, in Barangay Rogongon following coordination with tribal leaders and the mobilization of participants from far-flung sitios. The activity began with an organizational development session that included orientation on leadership structure, duties and responsibilities of officers, and a workshop on the formulation of the group’s Vision, Mission, and Goals (VMG). The election of officers was also facilitated to formally establish the organization.

The succeeding sessions focused on technical skills development, where participants were introduced to sewing machine parts and operation, basic measurement techniques, and pattern drafting. Participants were divided into dressmaking and bead-making groups to maximize engagement during the hands-on training.

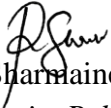

The activity concluded with the turnover of sewing tools, materials, supplies, and equipment, attended by representatives from Rogongon Resources Inc. (RRI), barangay officials, tribal leaders, and the City Government GAD Office. Certificates of participation were awarded to the fifty-five (55) women who completed the training.

To sustain the initiative, it is recommended to conduct advanced dressmaking training, provide additional sewing machines and materials, and explore the establishment of a community sewing center. Integrating basic entrepreneurship and marketing sessions, along with continued coordination with the LGU and partner agencies, will further strengthen the organization's livelihood potential.

Overall, the HERO initiatives and projects implemented in 2025 under the Corporate Social Responsibility (CSR) Program benefited **6,682 individuals**, further strengthening the company's partnership with host communities and its commitment to sustainable and responsible development.
